

The Wheeling Intelligencer

VOLUME XLVIII—NUMBER 179.

WHEELING, W. VA., TUESDAY, MARCH 20, 1900.

PRICE TWO CENTS (ON FRANKS)

MAFEKING NOT YET RELIEVED,

But the Parliamentary Secretary, Re-marked in the House of Commons.

I THINK IT IS ALL RIGHT.

Thirty-two Thousand Additional Troops for South Africa Now at Sea.

LONDON, March 20, 4 a. m.—The war office has had no news up to this hour confirming the report of the relief of Mafeking, but George Wyndham, parliamentary under secretary for war, replying to a private inquiry in the lobby of the house of commons about midnight, smilingly said:

"I think it is all right."

The Free Staters seemingly have not quite collapsed. They are in considerable force around Smithfield, although much dispirited.

A British spy from Rouxville reports that Commandant Olivier and a commando are going to Kroonstadt. The agents he left behind are using desperate means to raise recruits, commanding British Boers under penalty of death.

Kroonstadt, where the Boers are concentrating, is 137 miles from Bloemfontein. It is surrounded by a country of hills and jungles.

Gen. Gatacre at Springfontein.

Gen. Gatacre is now resting at Springfontein, preliminary to joining Lord Roberts. General Buller's hill work before Ladysmith has given him an experience, which is about to be used in forcing the Biggarsberg range. It is believed that 25,000 of his 40,000 men are about to engage General Botha's force and the next news of fighting will probably come from Natal.

The leaders of the Afrikaner bond are circulating a petition in Cape Colony, asking the imperial government not to take away the independence of the Boers.

Thirty-two thousand additional troops for South Africa are now at sea.

LEGISLATIVE APPROPRIATION

Bill Carrying \$25,000,000, Passed the Senate—Puerto Rican Bill Commanded Attention.

Free Trade Amendment Was Offered by Senator Beveridge.

WASHINGTON, D. C., March 19.—Two measures of national importance and many of slightly lesser interest were passed by the senate to-day. The legislative, executive and judicial appropriation bill, carrying more than \$25,000,000, was passed without debate. The measure providing for the appointment of a commission to adjudicate and settle claims of citizens of the United States growing out of the war with Spain was also passed without opposition.

For a brief time the Puerto Rican government and tariff measure was under consideration. Mr. Foraker in charge of the bill, submitted some committee amendments. A few of them were agreed to, but the important ones are still pending. A free trade amendment to the bill was offered by Senator Beveridge.

The senate concurred in the house amendments to a bill granting to the state of Kansas the abandoned Fort Hays military reservation, thus passing the measure.

A request of the house for a conference on the pension appropriation bill was agreed to and Messrs. Shoup, Quarles and Tallaferrero were appointed conferees on the part of the senate.

HOUSE REFUSED

To Concur in Senate Amendments to Puerto Rican Bill.

WASHINGTON, D. C., March 19.—The house to-day refused to concur in the senate amendments to the Puerto Rican relief bill. The Democrats supported a motion to concur on the ground that it would avoid further delay in extending relief to the inhabitants of the island, but the Republicans stood firmly behind Chairman Cannon in his demand that the house should insist upon its original provision to appropriate not only the money collected on Puerto Rican goods up to January 1, but all subsequent monies collected or to be collected. The remainder of the day was devoted to District of Columbia business.

NO AGREEMENT

Yet on the Tariff Feature of the Puerto Rican Bill, and Indications Seem to be that Opponents of that Feature Will Hold Out.

WASHINGTON, March 19.—Owing to the absence of Senator Spooner, the Puerto Rican steering committee has not yet held a formal meeting and none will be held until his return. Members of the committee, however, have been making a canvass of the senate to see if there can be found a basis of agreement which will be satisfactory. So far no great progress has been made. The senators who announced themselves in caucus against the tariff portions of the bill have shown no inclination to yield. The introduction of a free trade amendment by Senator Beveridge would indicate that that senator intends to vote for free trade. It is certain that a number of other Republicans are determined not to vote for the tariff, although the friends of the measure say only five or six will stand out when the final test comes. A statement was made by a senator to-day to the effect that if those who opposed

the tariff could not be won over to the majority, the majority would go over to them, but so far there is no disposition to abandon the tariff feature of the bill manifested by its friends. The prospects are that any action will be delayed as long as possible.

The tariff feature of the bill will not be separated from the government's feature at present, although Senator Foraker, having the bill in charge, will take that action as soon as it is apparent that the government bill can be passed and that there is no prospect of an early agreement upon the tariff provision.

NOT A GENERAL STRIKE.

Certain Classes of Machinists Will Not be Affected—A Hope Still Held Out That the Employers and Machinists May Get Together.

CHICAGO, March 19.—Representatives of the International Association of Machinists said to-day that local conditions in the various cities where the machinists are disaffected will govern the calling of a general strike. The president, O'Connell, and his five assistants, left to-night for the principal centers of industry to confer with their men before issuing orders to go out. Cleveland, Philadelphia and Paterson, N. J., where the men are said to be becoming restless under the delay in the strike order, the leaders will visit as soon as possible. President O'Connell will be in Cleveland Wednesday and address a mass meeting of the machinists the same night. In that city the leaders are afraid the men will go out on a strike without an official order.

Hopes are entertained by the union men that the members of the National Metal Trades Association will reconsider their action of Saturday, and arrange another conference. But it is doubtful if the manufacturers will agree to another meeting.

As estimated by President O'Connell, 125,000 machinists will be affected by a national strike. In the New England states there are 50,000 men working at the trade, and it is expected this section of the country will be the battle ground. When O'Connell returns to Chicago from Cleveland, he will leave immediately for the east and probably direct matters from New York or Boston.

The leaders say the strike will extend only to the factories and shops which manufacture mining, pumping, electric and printing machinery.

Railroad shops will not be included at present, nor will large corporations, such as the steel companies and the harvester and reaper works, the plow factories, the bicycle factories and possibly shipbuilding. In many of the cities where strikes are threatened, there are firms which have contracts with the unions, and these will be lived up to, whether or not strikes are called.

For strike benefits and other expenses of a great strike the international association of machinists has a fund of \$15,000, which has always been kept in reserve in the national treasury for emergency use and a reserve fund of \$100,000 in the various local treasuries. In addition to this the officers of the organization are empowered to levy assessments. For strike benefits the constitution provides that single men are to be paid \$4 a week and married men and single men with others dependent upon them for support, \$6 a week.

TROUBLE AT COEUR D'ALENE

Mines. Wash.—Three Soldiers Fatally Shot.

WASHINGTON, March 19.—News of further trouble in the Coeur d'Alene mining district reached the war department to-day in the following telegram: Vancouver-Barracks, Wash., Mar. 19. Adjutant General, Washington:

Commanding officer Fort Sherman reports Privates West, Hayes and David F. Hayden, Company M, Twenty-fourth infantry, were badly shot in Coeur d'Alene City; suspected parties in arrest; recovery of men doubtful. All quiet here. McCain.

Acting Assistant Adjutant General, in absence of department commander.

HUNTINGTON TOWN SITE CASE

Sent Back to the Circuit Court for West Virginia.

WASHINGTON, March 19.—Justice Gray, in the United States supreme court to-day rendered an opinion in the case of John R. Laidley versus C. P. Huntington, involving the title to a part of the town site of the town of Huntington, W. Va. The circuit court for West Virginia decided that it had no jurisdiction in the case, but to-day's decision reverses this decision and sends the case back to the United States circuit court for further proceedings.

Double Tragedy.

SANDUSKY, O., March 19.—Some time last night Mrs. Leonard Wagner killed her husband and then shot herself. The double tragedy occurred at the Wagner home, about three miles from here, and nothing was known of it until this evening, when the neighbors entered the house and found the dead bodies. Mrs. Wagner had evidently arisen from bed and shot her husband, who was lying in bed. Then she shot herself, falling upon the floor of the room. The cause of the crime is believed to have been jealousy, as the couple had frequently quarreled on that account.

PROBABLY JUSTIFIABLE HOMICIDE.

Hon. J. C. Noland Shot and Killed James C. Hile, Who Entered His Office

WITH THE ADVOWED PURPOSE

Of Killing Him—Probability That It Will be Declared Justifiable Homicide.

Special Dispatch to the Intelligencer.

ST. MARY'S, W. Va., March 19.—Joseph C. Noland, former prosecuting attorney of this county, and recently mayor of this city, is in the county jail to-night, arrested on a charge of killing Jim C. Hile, and acknowledges that he fired the shot from a pistol which caused the death of the man. Hile went to Noland's office shortly after noon, with the avowed intention of killing Noland. He told several people so, and when he reached the office he called through the glass door that he had come to shoot to kill. Noland told the man to go away and not bother him, and as he did so went to another desk from the one at which he was sitting and got his pistol. He pointed it at the ceiling and shot, telling Hile to leave. Hile still stayed at the door, and said that he was going to shoot, and Noland shot twice more to scare the man.

Opened the Door.

Then Hile opened the office door with one hand and held his revolver in the other. Noland fired for the fourth time, the ball going through the glass in the window and hitting Hile in the chest. The man shot sank slowly to the porch and when another man who was standing across the street reached him, Hile was dead. An examination showed that the ball had gone between the fifth and sixth ribs and penetrated the lower lobe of the heart. Death was instantaneous. Noland at once sent for the officers, and the inquest of the coroner was begun. This legal inquiry was adjourned at 6 o'clock, only three witnesses, Noland and the only two other men who witnessed the tragedy, besides Noland corroborate his statement that Hile threatened to shoot him and that he begged Hile to go away. Noland's statement is that Mayor Martin and three other men came to him to-day and told him that Hile was on the street with a revolver and intended to shoot him. He says that Hile threatened him Sunday, also. The other two witnesses tell of Hile going on the porch, and of Noland asking him to leave.

Four Shots Fired.

They also say that there were four shots fired, three of which did not strike, that they were all fired by Noland. They told of Hile opening the door and starting to go into the office with his pistol in one hand. There are to be no more witnesses examined, but the jury is to meet to-morrow morning to bring in its verdict. The general opinion warrants the prophecy that the shooting will be justifiable homicide.

Not long ago there was an indictment found against Noland for adultery with the wife of Hile. The trial on this charge resulted in the acquittal of Noland, and the general impression was that the scheme had been black-mail, as there was a damage suit also brought by Hile against Noland for alienating his wife's affections. The acquittal of Noland quashed the damage suit. Hile and his wife parted, but they are now living together again. They were going to remove from St. Mary's to-day to Whiskey Run, where Hile was employed as a pumpman on an oil lease. Before going Hile expressed his intention of killing Noland, with the result of being killed himself. The sympathy of the community is all with Noland, and the case is clear that he shot in self defense.

TAYLOR BECKHAM

Case Before Judge Field—Demurrer Filed by Beckhams Attorneys. Questions Raised as to the Age of Governor Beckham—His Mother Testified that He Was Thirty Last August.

LOUISVILLE, Ky., March 19.—Governor Beckham and Taylor took the same train for Frankfort this morning, after spending a very quiet Sunday in this city. It is believed nothing occurred during their visit that will have an important effect upon their contest. The Democratic attorneys filed with Judge Field to-day a demurrer to the amended answer of the Republicans in the governorship suit. As no new points were raised by counsel for Governor Taylor it is expected Judge Field will not require much time to dispose of the case. A decision reaffirming his recent ruling that his court lacks the power of review, the action of the legislature seating Beckham is expected within a day or two, when the case will be taken to the court of appeals.

The demurrers, it sustained, will strip the contention down to questions of fact not included in the journal of the general assembly. These questions are raised in the amended answer and reply filed by the Republicans Friday, and relate to the age of Governor Beckham, the time of the resignation of Senator Goebel from the senate, whether he died during the contest, and whether Governor Beckham has been sworn in as governor. The demurrers were filed by Attorney Zack Phelps. Mr. Helm Bruce represented the Republican side. A judgment has been drawn up in accordance with Judge Field's opinion, heretofore ren-

dered and submitted to Judge Field. Mr. Phelps also filed motions to strike out paragraphs from the Republican pleadings.

Proof as to Governor Beckham's age was taken this afternoon at Mr. Phelps' office. Mrs. Beckham, mother of the governor, testified that her son was 30 years of age last August.

Dr. J. N. McCormack, of Bowling Green, will be asked to give the exact time of Governor Goebel's death. Proof will also be taken as to Senator Goebel's resignation.

The testimony of the foregoing, together with that of others to be taken later, will be submitted to Judge Field in a few days. The matters involved are not part of the legislative record, which Judge Field has heretofore decided was beyond the power of the court to go behind.

F. W. GOLDEN

Alleged to Have Turned State's Evidence in the Goebel Matter, and Subject of Watchful Care on the Part of the Goebel Forces and Attorneys.

BARBOURVILLE, Ky., March 19.—The report that F. W. Golden had turned state's evidence in the Goebel murder case, was a great surprise here. Green Golden, cousin of Wharton, says it was utterly false, that he was sent by Powers to keep Wharton from going to Frankfort. F. W. Golden was a close friend of Caleb Powers, doing a great deal of work for him during the recent campaign. It is said that he left here on a telegram from the attorneys for the prosecution to come to Lexington. When the news reached here that he had made a confession, friends of the accused parties became very uneasy and prominent Republicans said that if it should be true "that trees would bear fruit that they never bore before." It is also learned that ex-Representative Berry Howard and F. M. Cecil, of Middleboro, were here Saturday night in consultation with Golden. Cecil was urgent-at-arms at the session of the legislature at London. Soldiers are still on duty day and night. Captain Hawn will not recognize Taylor and so the arms have been placed under the control of Lieutenant Gibson.

An Important Witness.

FRANKFORT, Ky., March 19.—The news of the alleged confession of F. Wharton Golden, of Barbourville, in regard to the assassination of William Goebel, produced a sensation here to-day. Golden was formerly a guard at the penitentiary here, under the Republican administration, and is well known. It developed that the police and detectives have been watching his movements since the day of the assassination, on the theory that he knew something about it. Commonwealth's Attorney Benjamin and County Attorney Polsgrove declined to discuss the alleged confession, as did others who are assisting in the prosecution, though one went so far as to say Mr. Golden will be one of the most important witnesses introduced by the state. Some regret that this matter became public so soon, as they fear it will make it dangerous for him to return to his home at Barbourville, and that it may also seriously impede the prosecution in work which might have led to other developments soon. Caleb Powers, the Republican secretary of state, who is in jail charged with being an accessory to the assassination and who is alleged to be implicated by Golden, refused to discuss the confession in any form.

Say Golden Has Named the Man.

LEXINGTON, Ky., March 19.—A telephone message from Winchester, eighteen miles from this city, says that F. W. Golden, alleged to have made an incriminating statement with reference to the Goebel murder, is in Winchester, where he arrived yesterday. Late this afternoon he went south on the Kentucky Central railway, and then returned at 2:45 and went to the hotel, where he is now. He refuses to see any one. The Goebel men are keeping strict watch on his movements. He is not registered at the hotel. It is reported that he is in conference with the Goebel men at Winchester. An unconfirmed rumor there to-night is that he has given the name of the man whom he says shot Goebel.

T. C. CAMPBELL

Getting Around to the Opinion that the Suspects are Not the Guilty Parties—Says it Will Take Three Thousand Men to Arrest the Assassin of William Goebel.

CINCINNATI, Ohio, March 19.—Mr. T. C. Campbell, who has been employed by the brothers of the late William Goebel to assist in the prosecutions of the assassin of Mr. Goebel, was here to-day, fresh from a conference with his associates held at Lexington.

In conversation, Mr. Campbell was unwilling to disclose the state of their case, but he said that so far as now know, the assassin was not yet arrested. He added that the assassin would be arrested whenever a force of 3,000 armed men could be had to go to a certain county in eastern Kentucky. He said further that the attorneys for the commonwealth claim to have proof to establish a conspiracy for the assassination, but he made the assertion that this conspiracy was not charged against the Republican leaders, but against what is known as the "anti-Goebel party." He further said it included men who were officials prior to the late election, and men who thought they became officials after the late election.

General Joe Wheeler.

WASHINGTON, March 19.—General Joseph Wheeler was at the capitol to-day and was warmly greeted by many old friends. He will make no effort to take his seat until after Secretary Root returns and his military status is determined.

J. A. BINGHAM, EMINENT STATESMAN,

Prominent in Republican Councils, United States Minister to Japan, Author of

THE FOURTEENTH AMENDMENT

And Warm Friend of Lincoln, Died at Cadiz, Ohio, Yesterday Morning, Aged 85.

Special Dispatch to the Intelligencer.

CADIZ, O., March 19.—Hon. John A. Bingham, the distinguished statesman and author of the fourteenth amendment to the constitution, died here this morning at 9 o'clock, after a lingering illness of a few weeks. He was born at Mercer, Pa., on January 21st, 1815, and was educated at Franklin College, at New Athens, Ohio. He was United States minister to Japan under President Grant; was congressman from the Sixteenth Ohio district for a period of eighteen years; was an intimate friend of Lincoln, and was his adviser on many occasions. He was also a bosom friend of Bishop Mathew Simpson. He secured General Custer's appointment to West Point. Cadiz has been his home for sixty years.

By Associated Press.

CADIZ, O., March 19.—Hon. John A. Bingham died at his home in Cadiz to-day, aged 84 years. He had been in ill-health, the result of old age, for some time, and his death was not unexpected. Two daughters survive him.

Judge Bingham was a noted orator. He served eight terms in Congress from the Sixteenth Ohio district, and was minister to Japan from 1872 to 1885. He was a member of the house committee which brought the impeachment proceedings against President Johnson, and as judge advocate of the army sentenced Mrs. Surratt for conspiracy in the murder of Lincoln. He was the author of the first section of the fourteenth amendment to the constitution. During his public career he was a leader in the national councils of the Republican party and was a close friend of Lincoln and Stanton.

NEBRASKA DEMOCRATS.

Met in Convention at Lincoln, Listened to a Speech by Mr. Bryan and Adopted the Usual Platform, Affirming the National Platform of '96, and Opposing All that Republicans Have Done.

LINCOLN, Neb., March 19.—The Democratic convention was called to order at 8:15 by Jas. Dahlgren, chairman of the state Democratic committee. He announced that Thomas J. Nolan had been selected as temporary chairman. Mr. Nolan took the chair, and after being presented to the convention made an address.

The temporary organization was made permanent. The chairman then appointed a committee of eleven on resolutions, which presented the following report, which was adopted amid great enthusiasm:

"We, the Democrats of Nebraska, in convention assembled, do hereby affirm and endorse, in whole and in part, in letter and in spirit, the platform adopted by the Democratic national convention held in Chicago in 1896.

"We favor amendments to the federal constitution, specially authorizing an income tax and providing for the election of United States senators by a direct vote of the people.

"We oppose government by injunction and the black list, and favor arbitration as a means of settling disputes between corporations and their employees.

"We favor the principle of the initiative and referendum wherever it can be applied.

"We are in favor of liberal pensions to deserving soldiers and their dependents.

"We are in favor of the immediate construction and fortification of the Nicaragua canal by the United States."

While the committee on resolutions was out, Richard L. Metcalf, of Omaha; W. D. Oldham, of Kearney; W. H. Thompson, of Grand Island, and A. G. Tibbets, of Lincoln, were chosen as delegates at large to the national convention at Kansas City.

While the convention was in the midst of a hot row over the choice of alternates to the delegates at large, Mr. Bryan appeared in the hall. The sight of Colonel Bryan put a stop to business, and the delegates went wild as he entered the hall and addressed them.

SMALLPOX.

Railway Mail Clerk Quarantined on His Car.

Special Dispatch to the Intelligencer.

BUCKHANNON, W. Va., March 19.—Charles Vanhorn, railway postal clerk, broke out with smallpox while on his car at the station here, and the car was quarantined. Vanhorn is a resident of Harrison county, and it was proposed to send him there, but the railroad refused to carry the car. To-day Superintendent A. M. Lane, with other officials, came here to remove and take the car. City health officer refused to permit the removal of the car without the man or the man from the car. The car is still sidetracked, and the man is quarantined.

BOY INJURED

Lost a Leg.

Special Dispatch to the Intelligencer.

J. C. JOLLIFFE

Receives Honorable Mention for conspicuous Gallantry.

Special Dispatch to the Intelligencer.

FAIRMONT, W. Va., March 19.—J. C. Joliffe, of this state, who is serving in the Forty-first Volunteer Infantry in the Philippines, has received honorable mention from his battalion commander, Major Preston, for heroic conduct in assisting to defend a mortally wounded comrade. Young Joliffe and five others were sent to patrol a rail-head. When about two miles from camp the natives fired on them from ambush. One of the men fell at the first volley, another ran back to camp, but the others, rather than desert their comrade, stood their ground. The enemy were driven off, just as relief came, leaving three dead on the field and carrying away a number of wounded.

THE CRAMBLETT CASE.

That it Will be Hotly Contested is Shown by Developments Monday.

Although the Cramblett murder case is not to be tried for several weeks still preliminary motions and affidavits continue to be made by his attorneys, who are sparring for position in what they propose to make the battle of their lives. Both are able, resourceful and prominent criminal lawyers.

Yesterday, at Steubenville, Cramblett and his attorneys, Messrs. P. P. Lewis and Henry Gregg, filed motions and affidavits against the return made by Sheriff Porter of his special venire jury service. He reported "Jackson J. Duval," one of the number as not found, the man saying his name was "James J. Duval." The motions and affidavits claim that Duval is a well known citizen and ask the court to require the sheriff to serve Duval. They ask the court to quash the extra venire issued to make up for names of persons on the original venire, who could not be found.

Is Baisell Dead?

Although the Intelligencer learned on apparently good authority Sunday night that Walter H. Baisell, a Wheeling young man, had been killed on the Baltimore & Ohio road near Cumberland Saturday night or early Sunday morning, it now appears that he is probably alive. The story was brought to Wheeling by a Baltimore & Ohio employee, who told it to an employee of the Brunswick learned the particulars. The identification was by papers found on the dead man's clothing, bearing Baisell's name. It is now said Baisell was seen alive in Pittsburgh Sunday, indicating that he was the victim of the accident. In some quarters it is believed the victim of the accident is a waiter who chummed with Baisell. This young man, whose name could not be learned, left Wheeling soon after "Dewey Day," and is said to reside near Cumberland, where the accident occurred.

SHARKEY-FITZSIMMONS FIGHT.

It Will Likely be Puled Off Before the West Chester Club.

NEW YORK, March 19.—An effort was made to-night by the interested persons, to agree upon a place for the coming fight between Sharkey and Fitzsimmons. Two bids were received. The Seaside Sporting Club deposited a check for \$2,500 and agreed to give the principals 60 per cent of the gross receipts and 50 per cent of the picture profits. Tom O'Rourke, of the club, explained that it was his intention to allow the \$2,500 already on deposit for the Jeffries-Corbett to continue up after that fight on May 11, making \$5,000 in all, as required.

The West Chester Athletic Club, represented by Martin Julian and G. J. Cook, made a higher bid. It offered 67 per cent of the picture profits. It made a deposit of a \$2,500 check.

An agreement was not reached. The parties will meet to-morrow and probably make a decision. The sentiment to-night was very favorable to the acceptance of the West Chester Club offer.

The Bull Dog Show.

NEW YORK, March 19.—The third annual exhibition of the American Bull Dog Club, which opened in the concert hall of Madison Square Garden to-day, in point of quality and number eclipsed any previous show of the club. The best bred bull dogs in the world are in the competition for the various prizes, the only absentee being Rodney Stone, the English champion. The show will continue until Wednesday.

METROPOLITAN

Street Railway Company Owns All in Sight.

NEW YORK, March 19.—President E. H. Vreeland, of the Metropolitan Street Railway Company, to-night issued a statement to the effect that the Metropolitan Street Railway Company had secured a controlling interest in the Third Avenue Street Railway Company. This will give the Metropolitan all the street railways on Manhattan Island and in the borough of the Bronx, as well as lines in West Chester county, north of the city boundary.

No Strike at Cleveland.

CLEVELAND, O., March 19.—John D. Ferguson, business manager of the local Machinists' union and vice president of the International Association of Machinists, said to-night that no orders to strike had been received from Chicago. "The movement here," said he, "is independent of any in Chicago. The men simply demand a nine-hour day, and non-union as well as union men are in it. There is no question of the recognition of the union, and if our demand is granted there will be no strike. There are about ten thousand machinists in Cleveland."

Weather Forecast.

For Ohio and Western Pennsylvania—Colder and fair Tuesday, except probably snow near Lake Erie. Wednesday, fair; fresh to brisk westerly winds.

For West Virginia—Fair and colder in northwest, clearing in southeast half on Tuesday. Wednesday, fair; west to northwest winds.

Local Temperature.

The temperature yesterday, as registered by C. Schenck, druggist, corner of Market and Fourteenth streets, was as follows:

7 a. m. 49 3 p. m. 55
9 a. m. 51 7 p. m. 57
10 a. m. 53 Weather—Rain.
